# Our Process

**Short Lead times:** Once you have approved your final design your closet is usually installed within four weeks.

**Solid Wood Built-ins:** Some custom wood cabinetry may take up to 8-10 weeks depending on the style, color or complexity of the job.

**Custom options:** Von Goethe once said, "Whatever you can do, or dream, you can begin it. Boldness has genius, power, and magic in it." We can add custom options to any closet. If you want to get creative with shoe storage, door inserts, roll-out accessories, moldings or anything else you can imagine—let us help you bring your dream closet to life.

Denise and I look forward to working with you.

Sincerely,
